Grant - Medical Buildings -
Bellary Dt Board - Construction
of a dispensary building at Kurugodu -
Negatived

Local Administration Department 48304

From:-
K.N.Anantharaman Esq.,I.C.S.,
Collector & Special Officer,
District Board, Bellary.

To -
The Secretary to the Govt., of Madras
Education & Public Health Department,
Fort Saint George, Madras.
Through
The Surgeon-General with the Govt., of
Madras,
Madras.

R.C.No. 1776/47., dated 20th June 1947.

Sir,

Sub:- Grant- Bellary District Board-Building -Local Fund Dispensary Kurugodu- construction of-application submitted

The original Estimate for the construction of a dispensary building at Kurugodu was Rs.7600/-. The Government in their order No.Ms. 648 P.H., dated 9-3-45 sanctioned a half grant of Rs.3800/- subsequently an additional grant of Rs.1200 was sanctioned in G.O.No. 2952 P.H., dated 14-11-45 for this work. In accordance with the Government Memo No.14541-45-1-D2 P.H ,dated 1-5-45 the plan of the building was sent to the Surgeon-General for his approval. It was returned by him for the provision of two emergency, two isolation and four Midwifery beds. The Divisional Engineer (Highways) Bellary, then the District Board Engineer was therefore asked to prepare a revised Estimate. A plan and an estimate for Rs.44,700 were prepared by him as per type design approved by the Surgeon-General with the Government of Madras. The Estimate has been approved by the Superintending Engineer(Highways) II Circle, Bellary for Rs.45,150. The site required for the construction of a dispensary building was also approved by the District Health Officer, Bellary from a sanitary point of view. I therefore request that the Government may be pleased to sanction a grant

P.T.O.

a grant of Rs.22,575(half of the estimated cost). An application for a grant is enclosed.

23/6

For Special Officer,
District Board, Bellary.

" T.M (Hy. P.H.) dated 8-8-47.

Memo 57257/47-2 Gg2 P.H., dated 12-9-47

The S.G. is informed that the construction of a dispensary building at Kurugodu as now formulated costing over Rs. 45,000/- differs widely from the scheme previously sanctioned by the Govt which was estimated to cost Rs. 10,000/-. In view of the large outlay, the recurring cost on account of the staff, equipment, etc., for the proposed dispensary should also correspondingly increase. It is not known whether the donations expected in 1944 will be available now. The S.G. is requested to furnish his remarks on these points and also to furnish an estimate of the recurring expenditure.

Surgeon-General with the Government of Madras, Madras 6.

To

The Secretary to Government, Education and Public Health
Department, Madras.

In.R.No.48304-B/47, dated 10th October 1947.

Sir,

Sub:- Grant - Medical Buildings - Bellary District Board -
Construction of a Dispensary building at Kurugodu -

Ref:- Government Memorandum No.57257/47-G2-P.H. dated 12th
September 1947.

A reference is solicited to Government Memorandum No.14541-45-1-D2-P.H. dated 1-5-1945 to the President, District Board, Bellary. The plan sent by the President, District Board, Bellary in accordance with the orders contained therein was not only out of date, but had no provision for beds. It was therefore modified to contain 2 emergency, 2 isolation, 4 Midwifery beds and a labour room. The plan thus modified was duly got drawn up by the Consulting Architect to the Government. This apparently is the reason for the disparity in the cost

of the

of the buildings. The promised donation of Rs.11,290/- is reported to be available and if necessary, the party is willing to pay it in cash before the official year, vide letter dated 30-9-1947 from the party - copy enclosed. The total recurring and non-recurring expenditure works out to Rs.8,350/- and Rs.8,400/- respectively, the details of which are enclosed.

Your obedient servant,

for Surgeon-General with the Govt. of Madras.

Copy of the letter dated 30-9-1947, from Sri N.Maribasana Gowd, Land Lord, Kurugodu, Bellary District, addressed to the Special Officer, District Board, Bellary, and copy sent to the District Medical Officer, Bellary.

Sub:- Donation - Medical Buildings - Bellary District - Construction of dispensary at Kurugodu.

Ref:- Your R.C.No.1776/47, dated 23-9-1947.

The contribution of Rs.11,290/- is ever ready for payment by the Public of Kurugodu. We have already collected cash contribution of Rs.5,000/-.Advances have been made for stones for the work. We are in communication with Hubli for the supply of the required teak wood-doors and windows. It is to relieve the district board of all troubles of procuring materials. We have proposed this step. Within December 1947 (the harvest season) the balance of contribution will be ready for credit. The whole contribution is, as promised in 1944, even now available. It will be paid in cash if so required within this official year.

Sir,

Sub:- Grants- Bellary District Board- Building-Local Fund Dispensary Kurugodu- construction - sanction of Government-requested.

The details called for in the Government Memo No.57257/47-2 P.H., dated 12-9-47, were furnished to the Surgeon-General, Madras for his remarks and submission to the Government for favour of sanctioning the grant for the work noted above. The Surgeon-General with the Government of Madras has reported on 4-11-47 that he has sent the details to the Government. The President of the Model Village Committee Sri.N.Maribasavana Gowd is busy in providing stone up to the value of the Villagers contribution and is prepared to hand it over for the building as soon as the construction is started. As the work has to be commenced early during the official year 1948-49 the favour of communication of the sanction is requested.

Sir,

Ref:- Grant - Buildings - Construction of a Dispensary at Kurugodu - Payment of half-grant - G.O.No.Ms. 1027, P.H., dated 31-3-48.

In enclosing herewith a copy of letter L.Dis.C.No. 3403/48, dated 6-5-48, from the Collector and Special Officer, District Board, Bellary, it is submitted that in view of the contribution promised by the public of Kurugodu, the question of payment of a half-grant towards the construction of a dispensary at Kurugodu may favourably be considered.

Your obedient servant,

V. Ramamma

for Surgeon-General with the Govt. Madras.

Copy of letter C.No.L.Dis. 3403/48, dated 6-5-48, from the Collector and Special Officer, District Board, Bellary, to the Surgeon-General with the Govt. of Madras.

The Government in their order No.Ms. 1027. P.H., dated 31-3-48, have intimated that it is not possible to provide for a [illegible] grant for the construction of a Dispensary building at Kurugodu in the Budget estimate for 1948-49. The public of Kurugodu have promised to contribute about Rs. 11290/- i.e. one fourth of the estimated cost. They have already collected cash contribution of Rs. 5000/- and they are in communication with Hubli for the supply of the required teak wood doors and windows. I, therefore, request you to kindly recommend to Government for the sanction of grant for 1949-50 at least to encourage the local effort and enthusiasm.

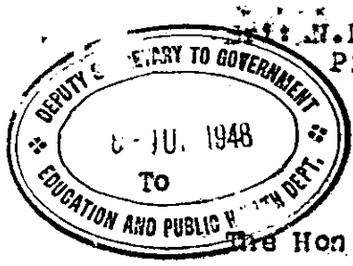
From

Sri N.Haribabeyana Gowd,
President, Model village Committee
and Hospital Committee, Kurugode.
(Bellary Taluk & District)



To

The Hon'ble Minister for Public Health,
Government of Madras.

Sir,

42429) Sub:- Medical Relief - Rural - Kurugode model village, Bellary taluk - Bellary District - Subsidy.

Ref:- G.O.No. M.S. 1027 P.H. dated 31-3-1948.

I beg to submit the following memorandum for your kind consideration and sympathetic decision.

2) Among the Post War Development Schemes for our province the extension of Medical Aid to rural areas and of improving the existing medical relief centres found a prominent place. The scheme is yet to make a headway though consideration to it, is of utmost vital importance.

3) In this connection I submit that the public of Kurugode village Bellary taluk, Bellary District took it into their head the question of improving the L-F.dispensary in the village, by the provision of a decent building so as to provide accommodation for treatment of the sick in this and in the surrounding villages as the institution in the standard in which it is maintained cannot meet the ordinary cases of relief and hundreds of indigent patients undergo silent suffering as they can ill-afford to have recourse to treatment in the well equipped hospital at Bellary - which is far remote from the village being about eighteen miles away from Kurugode. People volunteered to put their own shoulder to the wheel by contributing one fourth of the cost of the building and approached the Bellary District Board. The Board readily accepted the offer inspite of its poor finance, to meet from its funds one fourth, and asked Government to grant the other half as subsidy.

4) In course of a protracted correspondence and close consultation on the subject with the District Medical Officer and the Surgeon-General necessary plans and estimates were got ready, meeting all requirements according to departmental advice. A half Grant towards the cost of an earlier scheme (which did not meet with the Surgeon-General's instructions) was even actually sanctioned by Government - who have, with reference to the revised plans, have put off provision of funds - and delay is causing anxiety as the Government must by not providing funds for the grant in 1948-49, be considered to have discouraged the voluntary enterprise of the rural populationin their offer of their close co-opetation by meeting part of the cost. We have Rs.5000/- cash on hand and have already collected considera le quantity of stone and are prepared to provide the necessary wooden materials.

5) We are confident that the Government will vouchsafe the provision of funds atleast for 1949-50 and request definite orders accordingly with instructions to us to go ahead with the execution (of the ready sanctioned scheme with the aid of the one fourth public contribution and

and onefourth District Board share so that xx by the time the Government Grant is made xb available in April 1949 we shall have made sufficient progress. The Special Officer, District Board Bellary has also recommended the provision of grant atleast in 1949-50 in his letter L.D is.No.3403/48

I beg to remain,
Sir,

Grant - Medical Buildings - Bellary District - Construction of a dispensary at Kurugodu - Payment of half grant.

From the S.O., District Board, Bellary, R.C.No.1776/47 dated 20-6-47.
From the S.G., Endorsement R.No.48304 B/47 dated 12-7-47.

In G.O.No.648 P.H., dated 9-3-45 the Govt. sanctione the payment to the Bellary District Board of a half grant of Rs.3,800/- for the construction of a dispensary building at Kurugodu which was proposed to be built as a part of the Village Model Scheme. The other half of the expenditure was to be met by the Bellary District Board and the Model Village Committee. It was laid down that the proviso of the grant would lapse if the District Board did not complete the work within two years and draw the grant, ~~it would lapse~~.

2. Subsequently in August 1945, the P.D.B., reported to Government that the estimated cost of the building according to the plans was likely to be not less than Rs.10,000/- and requested Govt., for an additional grant of Rs.1,200/- over and above the grant of Rs.3,800/- already sanctioned. This was complied with in G.O.2952 P.H., dated 14-11-45.

3. Later on, at the instance of the S.G., provision has been made in the plans and for the construction of 2 emergency, 2 isolation and 4 midwifery beds and the revised estimate for the scheme amounts to Rs.45,150/-. The S.O., therefore asks for an additional grant of Rs.17,575/- over and above the grant of Rs.5000/- already sanctioned. The S.G. suggests that the construction of the dispensary building in question may be taken up as a post-war scheme instead of individually. ~~It seems difficult to appreciate the S.G's remarks at this stage. The delay for the execution of work appears to be due to his suggestions for the provision of additional beds suggested above.~~ These additional beds proposed are in accordance with the post-war scheme No.99. Further, this is an old scheme

for which Govt. have already sanctioned a half grant. In the circumstances, it is for consideration whether in accordance with the revised estimate this department may support the request for further additional grant.

4 The file may be sent to Finance u.o. for remarks.

28/7/47 JRR 29.7.47

Please put up a T.M. to accept/reject the scheme is to be treated as part of scheme No 99 by the Govt. in the first place.

A draft T.M. is submitted

5/8/47 JRR 6-8-47

[Issued as T.M. dated 6-8-47]

C-No. 65057/47. From the S.G., T.M. (by post) dated 8-8-47.

The S.G., has stated that the construction of a dispensary building at Kurugode can be considered only after the L.F. Dispensary, Kurugode, has been provincialised and the Bellary Taluk is taken up for expansion of medical relief under post-war scheme in due course. It is therefore not likely that the construction of the Dispensary building will be taken up in the near future. The request for further additional grant may therefore be supported and the file sent to Fin U.O. for remarks.

Finance (Exp A)

E&P.H.O.O. 5725/47-192

50196EA 22 AUG 1947

In March, 1945 the Govt. sanctioned a half grant of Rs 3,800 to the Bellary District Board for the construction of a dispensary

building at Kurugodu. Subsequently in August 1945 an additional grant of Rs 1,200 was sanctioned to the District Board, as the cost of the building was then estimated at Rs 10,000. The estimate for the work has again undergone a revision provision having been made for the construction of 2 emergency, 2 isolation and 4 midwifery beds at the instance of the Surgeon-General. The estimate as now revised amounts to Rs 45,150. The Special Officer, Bellary District Board, has therefore asked for an additional grant of Rs 17,575 over and above the sum of Rs 5,000 already sanctioned. The S.G. has proposed that this may be taken up in connection with the Post-war Reconstruction Scheme No.99. - Expansion of ~~Medical Relief Hospitals~~. E.P.H. have, however, supported the Special Officer's request on the ground that a half grant was already sanctioned for the scheme.

It may be noted that the scheme as now formulated, costing over Rs 45000, differs widely ~~from~~ the scheme previously sanctioned by the Government, which ~~was~~ estimated ~~at~~ to cost Rs 10,000. In view of the large outlay, the ~~remaining~~ recurring cost on account of the staff, equipment etc., for the proposed dispensary ~~shall~~ should also correspondingly increase. It is not known whether the remaining expected in 1946 will be available now and ~~stated~~ whether the finances of the Bellary District Board would admit of such large commitment both non-recurring and recurring. E.P.H may first obtain an estimate of the recurring expenditure involved in the scheme and also examine, in consultation with L.A. whether the Board can bear these charges.

LA / Finance.

The question is whether the Bellary Dt Board will be able to meet Rs 11,285 towards its share of the cost of the building and also Rs 8400 for non-recurring expenditure and Rs 8350 recurring. According to the general fund budget for 1947-48 the general account closes with a balance of Rs 26658 after meeting the immediate cost of revision of pay of the general staff.

FINANCE DEPARTMENT

Finance(B.E.III)Dept.

Part II Scheme for 1948-9, Payment of a half grant for the construction of a building for a dispensary at Kurugodu--Bellary District-- Rs. 22,575.

(Previous Finance note is on pages 2-3 above.)

The proposal for constructing a building for the dispensary at Kurugodu is under consideration since 1945. The original estimate of Rs. 7,600 has been revised twice and the present estimate is Rs. 45,150. The Surgeon-General recommend the payment of a half grant of Rs. 22,575. E & P.H. support it the Surgeon-General and recommend that the proposal may be considered as a Part-II Scheme for 1948-9.

2. H.P.M. has ordered that all building schemes should be deferred as far as possible in view of the high cost of building materials and labour. This principle will apply to building schemes of local bodies also The Dt.Board has managed without a new building for more than two years and there seems to be no special difficulty in continuing the existing arrangements till the costs of materials etc. come down to a reasonable level. E & P.H. consider that this scheme will fit in with our Post-War Development plans, but this will not ordinarily be taken up under the existing programme for some time to come. Finance may therefore advise that the proposal may be deferred again (though this might benefit a rural area).

If, however, E & P.H. wish to press their proposal in view of the fact that a private donation is forthcoming or for any other special reasons, they may be requested to explain the position fully and take orders in circulation including H.P.M

and H.M.(Finance) as to whether this will be considered as a Part II Scheme for 1948-49 or not.

E.P.H (92)

Edn & P.H.Deptt.

From B.E.III U.O.No 63659 dt. 12.11.47

The case relates to the construction of a dispensary building at Kurugodu with the aid of a half grant from Government. The cost of constructing the building is estimated at Rs.45,150/-. Out of this amount a contribution of Rs.11,290/- has been promised by the public of Kurugodu. ~~Excluding this amount, the expenditure that will have to be incurred for the construction of the building will be Rs.33,860/-.~~ On the half grant basis, the Government will have to bear one half of the expenditure viz., Rs. ~~16,930/-~~ 22,575/- and for the public contribution the other half being met by the Bellary District Board. The District Board, ~~has~~ in addition, will have to meet an expenditure of Rs.8,350/- recurring and Rs.8,400/- non-recurring for the maintenance of the dispensary. L.A.Department has pointed out that the Board will be able to meet its share of the expenditure including the maintenance charges.

In view of the fact that this scheme will fit in with Post-war Development plans, this department may press that the proposal to sanction a half grant of Rs.22,675/- from Provincial funds may be considered as a Part II Scheme for 1948-49, especially because a large public contribution is expected & advantage may be taken of this.

PART II SCHEME FOR 1948-49.

Sub: GRANT - Medical Buildings - Bellary District Board Construction of a building for the dispensary at Kurugodu.

SUMMARY.

Head of account.	Item of expenditure.	Ultimate cost. Non-recurring. Rs.	Cost in 1948-9. Non-recurring. Rs.
38.b.Medical - Hospitals and Dispensaries - F.Grants to local bodies for medical purposes - I.-Ordy. areas - 2.Building's and Equipment Grants- ~~Authorised~~ Voted	Construction of a building for the dispensary at Kurugodu.	22,600 ~~22,575~~	22,600 ~~22,575~~
	~~DEDUCT probable savings~~ Deduct Probable savings.		— 5600 ~~5,644~~
	Total.	22,600	~~16,931~~ 22,575 17,000

EXPLANATORY NOTE.

It has been the policy of ~~Govt.~~ Government to encourage local bodies in their efforts for providing medical relief by giving them half-grants for medical building schemes approved by Government, provided the local ~~body~~ concerned is able to meet the other half of the cost of construction and equipment as well as recurring expenditure from its own funds or from any other sources. The grant is disbursed on post-payment system ~~and~~ If the work is not completed and the grant claimed within a specified period, it will lapse.

2. In March 1945, the Government sanctioned a half grant of Rs 3800/- to the Bellary District Board for the construction of a building for the dispensary at Kurugodu. Subsequently in August 1945, an additional grant of Rs. 1,200 was sanctioned to the ~~District~~ Board as the cost of the building was then estimated at Rs. 10,000/-. The ~~estimates~~ plans for the ~~work~~ building have again been ~~undergone a revision~~ revised at the instance of the

p.t.o.

the scheme
General and is now estimated at Rs. 45,150/-. The Special Officer, Bellary District Board, has applied for a half grant of Rs. 22,575/- towards the cost of the building including the grants already sanctioned. It is reported that the public of Kurugodu have promised a handsome contribution of about Rs. 11,300/- for the construction of the building in question. The District Board, with the above contribution is in a position to meet the other half of the cost of construction of the building, besides an expenditure on equipment (Rs. 8,400) and the annual maintenance charges of the dispensary amounting to Rs. 8,350/-. As this scheme will fit in with post-war plans and in view of the large contribution promised by the public, this Department proposes to accept the make necessary provision in the Annual Estimate of Expenditure for 1948-49, as indicated in the summary above.

PART II SCHEME FOR 1948-9.

SUBJECT.—*Grant—Medical Buildings—Bellary District Board—Construction of a building for the dispensary at Kurugodu.*

Summary.

Head of account.	Item of expenditure.	Ultimate cost. Non-recurring.	Cost in 1948-9. Non-recurring.
	(1)	(2)	(3)
		Rs.	Rs.
38. b. Medical—Hospitals and Dispensaries—F. Grants to local bodies for medical purposes—1. Ordinary areas—2. Buildings and Equipment Grants—Voted.	Construction of a building for the dispensary at Kurugodu	22,600	22,600
	Deduct—Probable savings.	..	— 5,600
	Total ..	22,600	17,000

EXPLANATORY NOTE.

It has been the policy of Government to encourage local bodies in their efforts for providing medical relief by giving them half-grants for medical building schemes approved by Government, provided the local body concerned is able to meet the

other half of the cost of construction and equipment as well as recurring expenditure from its own funds or from any other source. The grant is disbursed on post-payment system. If the work is not completed and the grant claimed within a specified period, it will lapse.

2. In March 1945, the Government sanctioned a half grant of Rs. 3,500 to the Bellary District Board for the construction of a building for the dispensary at Kurugodu. Subsequently in August 1945, an additional grant of Rs. 1,200 was sanctioned to the Board as the cost of the building was then estimated at Rs. 10,000. The plans for the building have again been revised at the instance of the Surgeon-General and the scheme is now estimated at Rs. 45,150. The Special Officer, Bellary District Board, has applied for a half grant of Rs 22,575 towards the cost of the building including the grants already sanctioned. It is reported that the public of Kurugodu have promised a handsome contribution of about Rs. 11,300 for the construction of the building in question. The District Board, with the above contribution, is in a position to meet the other half of the cost of construction of the building, besides expenditure on equipment (Rs. 8,400) and the annual maintenance charges of the dispensary amounting to Rs. 8,350. As this scheme will fit in with post-war plans and in view of the large contribution promised by the public, this Department propose to accept the revised estimate and make necessary provision in the Annual Estimate of Expenditure for 1948-9, as indicated in the summary above.

C. O. Cooray.—2-12-1947.

P.H (192)

C.No 42420/1492, From the President, Model Village Committee and Hospital Committee, Kurugodu, dated 31-5-48

Medical Institutions – Bellary Dt Board – L.F. Dispensary, Kurugodu – Construction of a building – Payment of half grant.

In June 1947 the S.O., Bellary Dt Board submitted a proposal for the construction of a dispensary building at Kurugodu after taking into account the contribution of Rs.11290/- from the public of Kurugodu. The question of giving half grant by Govt was considered by Govt and it was treated as a Part II Scheme. Attention is in this connection invited to the note at p.6 nf. of G.O.No.1027 P.H., dated 31-3-48. The Finance Standing Committee did not approve the scheme for the provision of a half grant. In G.O.No.1027 P.H., dated 31-3-48 the S.O. was informed that it has not been possible to provide half grant in the B.E. for 1948-49. The President, Model Village committee and Hospital Committee now requests that sanction may be accorded to proceed with the scheme out of the ¼ of the contribution from the public and ¼ from the District Board funds and that half grant may be provided during 1949-50. As there are more urgent and important schemes and in view of the financial stringency, it is not now possible to say whether grant can be provided even in 1949-50 for this scheme. In view of the high cost of building materials and labour at present the President may perhaps be informed

That the question of giving half grant for the Construction of buildings will be considered during 1949-50 if the applies in time. The case may be circulated to H.M (P.H) with reference to his minute at p.1 ante.
